because I much prefer the three white dot sights on the Vertec slide instead of the three red dot sights that came on my regular 92FS Inox slides. I also wanted to try the Beretta Vertec Tritium M9A3 Night Sights on this slide and that combination worked out well too.

Bought these for my 1st gen Beretta Vertec. Great firearm, I just decided to purchase a grip to spray paint it FDE to be different. The grips fit perfectly and after 3 coats of paint and a sealer the Vertec looks really good. Ordering from Beretta was easy and the staff was very professional.
