Take on the Worst Winter Weather When the snow starts to pile up, the Craftsman 16" high snow and dozer blade clears the snow faster. Perfect for tractors with 22" or larger rear tires, this 48" wide blade can be adjusted to deposit the snow where you need it. After that all you have to do is simply remove and attach the blade without tools.

Control arm is difficult to use. Up and down movement of blade is okay, but changing blade angle-easier to get off machine and rotate by hand. So far have only plowed 4-6 inches snow, no problem. Chains and weights absolutely necessary. I bought 2x25# barbell weights at thrift store (\$19, hung across back of mower) and 50# play sand (\$4), on seat.
