Going To Extremes How Like

In Going to Extremes, renowned legal scholar and best-selling author Cass R. Sunstein offers startling insights into why and when people gravitate toward extremism. Sunstein marshals a wealth of evidence that shows that when like-minded people gather in groups, they tend to become more extreme in their views than they were before.

Amazon.com: Going to Extremes: How Like Minds Unite and ...

Off this review: Going to Extremes: How Like Minds Unite and Divide Cass Sunstein (Oxford University Press) In Going to Extremes, Sunstein lays out a simple argument based equally on social science, historical analysis, and an eye on current events: Like-minded people amplify their beliefs when they are together. This “group polarization” can be found everywhere from Al-Qaeda training camps to the self-selected enclaves of information and opinion to which we gravitate online.
