The politics of North Korea takes place within the framework of the official state philosophy, Juche, a concept created by Hwang Jang-yop and later attributed to Kim Il-sung. The Juche theory is the belief that only through self-reliance and a strong independent state, can true socialism be achieved. North Korea's political system is built upon the principle of centralization. While the North Korean constitution formally guarantees protection of human rights, in practice there are severe limits

POLITICAL CHALLENGES IN KOREA. A dual transition—to a consolidated democracy and an advanced market economy—represents the main challenge that the Korean political and economic system currently confronts. During the two decades since it became a democracy, South Korea has faced lingering problems, such as poor governance, high-level corruption, lack of leadership, political conflict, social polarization, volatile public opinion, and lack of consensus on major issues.

takes place in the framework of a presidential representative democratic republic, whereby the President is the head of state, and of a multi-party system. Executive power is exercised by the government.

### **Politics of South Korea — Wikipedia Republished // WIKI 2**

The author argues that South Korea's economic, cultural, and political development was the product of a unique set of historical circumstances that cannot be replicated elsewhere, and that only by ignoring the costs and negative consequences of development can South Korea's transformation be described as an unqualified success.
