In *Who Owns the Future?* he tellingly questions the trajectory of economic value in the information age, and argues that there has been a fundamental misstep in how capitalism has gone digital. For ...

Who Owns the Future? by Jaron Lanier - review | Books ...

Coming back to the generalist-specialist debate, a recent LinkedIn article suggested that the future will be owned by two types of people - generalising specialists and specialising generalists. With this approach, each person starts out as one type, but realises that he or she needs to become the other type as well.
