Why Globalization Works Martin Wolf

Martin Wolf explains how globalization works, critiques the charges against it, argues that the biggest obstacle to global economic progress has been the failure not of the market but of governments, and offers a realistic scenario for economic internationalism in the post 9/11 age. About the Author.

Why Globalization Works (Yale Nota Bene): Martin Wolf ...

The debate on globalization has reached a level of intensity that inhibits comprehension and obscures the issues. In this book a highly distinguished international economist scrupulously explains how globalization works as a concept and how it operates in reality. Martin Wolf confronts the charges against globalization, delivers a devastating critique of each, and offers a realistic scenario for economic internationalism in the future.

Why Globalization Works by Martin Wolf - PDF free download ...

Martin Wolf, a British economist and prominent journalist at the Financial Times, is an ardent defender of globalization, i.e. of global economic integration through free trade. His book aims to demonstrate that globalization makes the world better off and that the problem is not that there is too much globalization but far too little.
